

PROJECT DESCRIPTION

Improve sidewalk connectivity by connecting the missing sidewalk section along the west/north side of Old Forest Road, between Kings Drive and east of Timber Court.

PROJECT NEED

This project will address the following VTrans needs:

VTrans Identified Need	Priority
Pedestrian Access	Medium

PROJECT BENEFITS

Providing the missing sidewalk will enhance pedestrian access along the corridor.

PROJECT COST ESTIMATE

The Phase 2 estimated cost for this project is up to \$375,000.

SURVEY SUMMARY

A survey was not developed for Phase 2.

Upgrade Bus Stop

PROJECT DESCRIPTION

Improving the bus stop on the west/north side of Old Forest Road, in front of KIA, just south of Timber Court. This improvement is separate from the sidewalk improvements which are also shown in the concept sketch.

PROJECT NEED

This project will address the following VTrans needs:

VTrans Identified Need	Priority
Pedestrian Access	Medium
Transit Access	Medium

PROJECT BENEFITS

Upgrading the existing bus stop to meet ADA standards will enhance pedestrian and transit access for all users.

PROJECT COST ESTIMATE

The Phase 2 estimated cost for this project is up to \$400,000.

SURVEY SUMMARY

A survey was not developed for Phase 2.
